Deloitte.
Together makes progress

Meet the speakers

Ricky Tang
AI&D Senior Specialist Lead

ricktang@deloitte.co.nz

Ricky Tang is a Snowflake Alliance Director at Deloitte Auckland and a Senior Specialist Lead in the AI and Data practice, with over 14 years of experience. She specialises in data architecture, data modelling and ETL, with a strong track record in delivering scalable data solutions. More recently, She has focused on using AI tools to improve delivery efficiency and client outcomes. Ricky is passionate about bridging data and AI to drive practical business value.

Jackson Staub
Snowflake – Sr. Partner Solutions Engineer

Jackson.staub@snowflake.com

Jackson Staub is a Senior AI Solution Engineer – GSI Partners APJ at Snowflake, where he works closely with strategic partners to build and scale innovative data and AI solutions on the Snowflake AI Data Cloud. He helps organisations deliver outcomes faster using modern data platforms, connecting technical implementation with business value. He is passionate about helping organisations turn data into actionable insights and rapidly move from idea to production.

Deloitte.
Together makes progress

Deloitte and Snowflake alliance

Our alliance combines the advanced capabilities of Snowflake's AI-powered cloud data platform with Deloitte's recognized leadership in strategy, analytics, and cloud services to help businesses achieve stronger insights, reduce IT costs, and streamline data management.

Together, we utilize a business-driven transformation approach to help organizations:

Derive insights: Unlock greater business value and AI-driven insights from enterprise data

Accelerate deployment: Enable faster migration and deployment across hybrid and multi-cloud environments

Minimize disruption: Improve efficiency with modern migration and data pipeline tools

Reduce costs: Simplify management and lower total cost of ownership with Snowflake's consumption model

Deloitte.
Together makes progress

AI is already core to the Developer Experience

Developer Adoption & Impact

92%

Of developers use AI tools across coding, debugging, and automation

>51%

Professional developers use AI tools daily today

Enterprise Adoption & Trends

>60%

Enterprises have developers actively using AI code tools in production environments

83%

of enterprises report using AI in software development

Enterprises are already adopting AI to chase velocity.

Deloitte.
Together makes progress

But current tools weren't built for the data teams

Built mainly for coding tasks

Not for pipelines, transformations, or data agents

Context stops at the repo

No awareness of your data catalog or warehouse

Data leaves secure environment

Generic tools often send context to third-party services

tw26

But current tools weren't built for the data teams

Built mainly for coding tasks

Not for pipelines, transformations, or data agents

Context stops at the repo

No awareness of your data catalog or warehouse

Data leaves secure environment

Generic tools often send context to third-party services

Enterprises are sacrificing either velocity or security.

For data teams on Snowflake, the right tool ...

UNDERSTANDS SNOWFLAKE

Has the latest knowledge of your specific data catalog: databases, schemas, tables, semantic models and more

IS CONTEXT AWARE

Knows all the data you're working with, retains your conversational history, and where you are in the UI as you navigate

AUTOMATES COMPLEX TASKS

Intelligently optimizes your requests to solve real jobs, from building an application to managing cost or governing data

IS SECURE BY DESIGN

Adheres to Snowflake RBAC, ensuring it only sees and acts on the data and objects you have access to

INTELLIGENCE | RELEVANCE | EFFICIENCY | GOVERNANCE

Introducing Cortex Code - AI Coding Agent for Data Teams

Accelerates End-to-End Development

Streamline the entire data lifecycle by using natural language to automate data engineering, machine learning, and agent building tasks

Understands your Enterprise Data Context

Deeply aware of Snowflake's data, compute, governance, and operational semantics empowering everyone from data dabblers to domain experts

Is Open, Extensible, and Enterprise-Ready

Operates on secure Snowflake data and leverages RBAC; natively supports MCP, agents.md, and Agent Skills with access to frontier models like Claude Opus 4.6 & Sonnet 4.6, and GPT 5.2

Deloitte.
Together makes progress

Accelerate Your Data and AI Workflows

CORTEX CODE

DATA DISCOVERY
Search the catalog for data with semantic understanding

ADMIN TASK
Manage users, permissions, costs and governance

DATA ENGINEERING ✅
Build & optimize pipelines with dbt and AirFlow

AI & AGENTS ✅
Build, evaluate, optimize, debug agents and semantic views

ML & DATA SCIENCE ✅
Auto-generate ML pipelines and feature engineering

ADVANCED ANALYTICS ✅
Complex Analysis with Python and SQL generation

BI & APPS
Streamlit apps, dashboards & data applications

CODE MIGRATION & REFACTORING
Refactor and convert code from other platforms

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organisation"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients. Please see www.deloitte.com/about to learn more.

Deloitte Asia Pacific Limited is a company limited by guarantee and a member firm of DTTL. Members of Deloitte Asia Pacific Limited and their related entities, each of which is a separate and independent legal entity, provide services from more than 100 cities across the region, including Auckland, Bangkok, Beijing, Bengaluru, Hanoi, Hong Kong, Jakarta, Kuala Lumpur, Manila, Melbourne, Mumbai, New Delhi, Osaka, Seoul, Shanghai, Singapore, Sydney, Taipei and Tokyo.

Deloitte provides industry-leading audit and assurance, tax and legal, consulting, financial advisory, and risk advisory services to nearly 90% of the Fortune Global 500® and thousands of private companies. Our professionals deliver measurable and lasting results that help reinforce public trust in capital markets, enable clients to transform and thrive, and lead the way toward a stronger economy, a more equitable society and a sustainable world. Building on its 175-plus year history, Deloitte spans more than 150 countries and territories. Learn how Deloitte's approximately 415,000 people worldwide make an impact that matters at www.deloitte.com.

Deloitte New Zealand brings together more than 1800 specialist professionals providing audit, tax, technology and systems, strategy and performance improvement, risk management, corporate finance, business recovery, forensic and accounting services. Our people are based in Auckland, Hamilton, Rotorua, Wellington, Christchurch, Queenstown and Dunedin, serving clients that range from New Zealand's largest companies and public sector organisations to smaller businesses with ambition to grow. For more information about Deloitte in New Zealand, look to our website www.deloitte.co.nz.
